

### Introduction

Our firm, Granite State Retirement Planning, Inc., is an investment adviser registered with the Securities and Exchange Commission. We feel that it is important for you to understand how advisory and brokerage services and fees differ in order to determine which type of account is right for you. There are free and simple tools available to research firms and financial professionals at [www.investor.gov/CRS](http://www.investor.gov/CRS), which also provides educational materials about investment advisers, broker-dealers, and investing.

### What investment services and advice can you provide me?

We are a registered investment adviser that offers investment advisory services, including Comprehensive Portfolio Management, Wrap Comprehensive Portfolio Management, and Financial Planning & Consultations, to clients. If you open an advisory account with our firm, we'll meet with you to understand your current financial situation, existing resources, objectives, and risk tolerance. Based on what we learn, we'll recommend a portfolio of investments that is monitored at least annually, and if necessary, rebalanced to meet your changing needs and goals. We'll offer you advice on a regular basis and contact you at least annually to discuss your portfolio.

We manage accounts on a non-discretionary basis. After you sign an agreement with our firm, we're only allowed to buy and sell investments in your account after receiving your permission. You make the ultimate decision regarding the purchase or sale of investments.

We do not restrict our advice to limited types of products or investments.

We do require a minimum account balance of approximately \$750,000 for our comprehensive portfolio management and asset management service. This minimum account size may be negotiable based on the scope and complexity of the client's project.

We do generally charge a minimum fee of \$5,000 for written financial plans.

General Financial Planning & Consulting is included in our Comprehensive Portfolio Management and Wrap Comprehensive Portfolio Management services for no additional fee. Financial Planning & Consulting is also offered as a separate service for a flat or hourly fee. We do not monitor your investments for the Financial Planning & Consulting service.

*Additional information about our advisory services is in Item 4 of our Firm Brochure and Item 5 of our Wrap Brochure, which are available online at <http://adviserinfo.sec.gov/firm/summary/141899>.*

### Questions to Ask Us:

- Given my financial situation, should I choose an investment advisory service? Why or why not?
- How will you choose investments to recommend to me?
- What is your relevant experience, including your licenses, education and other qualifications? What do those qualifications mean?

### What fees will I pay?

You will be charged an ongoing annual fee applied quarterly based on the value of the assets in your account. Our maximum Comprehensive Portfolio Management and Wrap Comprehensive Portfolio Management annual fee is 2.00%. The more assets you have in your advisory account, the more you will pay us. We therefore have an incentive to grow the assets in your advisory account in order to increase our fees. Our fees vary and are negotiable. The amount you pay will depend, for example, on the services you receive and the amount of assets in your account. Our firm's fees will be automatically deducted from your advisory account, which will reduce the value of your advisory account.

Our maximum flat fee is \$50,000 for our Financial Planning & Consultations service. We charge you a retainer of 50% of the ultimate financial planning fee when you sign this agreement with us. The remainder of the fee will be directly billed to you and due upon the financial plan(s) being delivered.

The custodian that holds your assets charges you a transaction fee when we buy or sell an investment for you. The custodian's transaction fees are in addition to our firm's fees for our Comprehensive Portfolio Management service. We pay the custodian's transaction fees charged to you for our Wrap Comprehensive Portfolio

Management service. The fees for wrap fee programs are typically therefore higher than a typical asset-based advisory fee.

You may also pay charges imposed by the custodian holding your accounts for certain investments and maintaining your account. Some investments, such as mutual funds, index funds, exchange traded funds, and variable annuities, charge additional fees that will reduce the value of your investments over time.

In certain cases, we may select third party money managers, sub-advisers, and/or separate account managers to assist us with managing your account. If selected, they will charge you a fee, which will be described to you in their Form ADV and/or agreement.

You will pay fees and costs whether you make or lose money on your investments. Fees and costs will reduce any amount of money you make on your investments over time. Please make sure you understand what fees and costs you are paying.

*Additional information about our fees is in Item 5 of our Firm Brochure and Item 4 of our Wrap Brochure, which is/are available online at <http://adviserinfo.sec.gov/firm/summary/141899>.*

**Questions to Ask Us:**

- Help me understand how these fees and costs might affect my investments. If I give you \$10,000 to invest, how much will go to fees and costs and how much will be invested for me?

**What are your legal obligations to me when acting as my investment adviser? How else does your firm make money and what conflicts of interest do you have?**

*When we act as your investment adviser, we have to act in your best interest and not put our interest ahead of yours. At the same time, the way we make money creates some conflicts with your interests. You should understand and ask us about these conflicts because they can affect the investment advice we provide you. Here are some examples to help you understand what this means:*

Some of our firm's financial professionals are registered representatives of Triad Advisors, LLC ("Triad"), an unaffiliated broker-dealer. Your financial professional may offer you brokerage services through Triad or advisory services through our firm. Brokerage and advisory services are different, and the fees our firm and Triad charge for those services are different. Registered representatives charge a transaction-based commission each time they buy or sell a security in a brokerage account. As a result, they have an incentive to trade as much as possible in order to increase their compensation. You can learn more about Triad's brokerage services and fees at [https://reports.adviserinfo.sec.gov/crs/crs\\_25803.pdf](https://reports.adviserinfo.sec.gov/crs/crs_25803.pdf).

*Additional information about our conflicts of interest is in Item 10 of our Firm Brochure and Item 9 of our Wrap Brochure, which are available online at <http://adviserinfo.sec.gov/firm/summary/141899>.*

**Questions to Ask Us:**

- How might your conflicts of interest affect me, and how will you address them?

**How do your financial professionals make money?**

Our financial professionals are compensated based on the revenue our firm earns from their advisory services or recommendations, the amount of client assets they service, and the time and complexity required to meet a client's needs.

**Do you or your financial professionals have legal or disciplinary history?**

No, our firm and financial professionals do not have any legal or disciplinary history to disclose. Visit [Investor.gov/CRS](http://Investor.gov/CRS) for a free and simple search tool to research our firm and our financial professionals.

**Questions to Ask Us:**

- As a financial professional, do you have any disciplinary history? For what type of conduct?
